We have a great program planned and we want to bring emergency department leaders from every hospital in Maine together this year! We hope you will join us for a one-day leadership summit focused on issues that are impacting physicians, emergency departments and patients across Maine and across the country.

Join us as we talk about issues, resources and possible solutions with nationally recognized emergency physicians. We are all working toward understanding complex issues and seeking constructive next steps. By engaging emergency medicine leaders, we will help advance the practice of emergency medicine for our patients, our colleagues, and our hospitals. The format will be interactive with opportunities for discussion and networking.

### **Session Topics Include:**
